BEOC ATTAIN

BROOKLYN EOC attain POWERED BY SUNY UCAWD

SELF-PACED CAREER CERTIFICATION. ONLINE AND IN YOUR COMMUNITY.

The ATTAIN lab is a part of a network of state-funded computer labs open to students as well as the community. The lab offers access to career, academic, and workforce development training modules. These modules are customized training programs that can be administered by staff or completed by self-study. BEOC students may access software applications that support their coursework in all programs and extend their learning beyond the classroom. The lab coordinators assist students in managing their learning needs. Users also have the option of creating SUNY email accounts.

Applicants who do not meet the academic requirements for any BEOC program, may register for the ATTAIN lab to improve their skills in order to re-test for admission to their desired program.

Training and Certifications

- **Academic/GED:** Courseware for all academic levels from GED to college preparation, including math, reading, science, social studies, typing skills, and more...
- **Computer Literacy:** Learn to work with computers and online. Obtain certifications in: Microsoft Office Specialist (MOS), Microsoft Certified Fundamentals (MCF) and Intuit Quickbooks.
- **Langualge Learning:** Learn to speak another language using the Rosetta Stone courseware.

<u>Note</u>: ATTAIN services are available online to the community, BEOC students and employees. Contact an ATTAIN Lab coordinator to make an appointment at *ATTAIN@beoc.cuny.edu* or visit: *www.bkl.sunyattain.org* for more information.

Library & Learning Resources

BEOC offers diverse learning options and tools. Students should avail themselves of all services and resources. The Library & Learning Resources center is a place for students to get the educational assistance needed to succeed in their courses.

The Center computers are equipped with internet access to allow practice in software applications such as Microsoft Office and academic software used in classes. The library offers online services and tutoring.

TUTORING
During the spring 2022 semester, tutoring is available virtually through Schoology. Tutors are available for the following subjects: English, social studies, science, allied health, and math.

- Students can sign up in advance for any open slots during the current and upcoming weeks.
- Each student can sign up for one (1 hour) tutoring slot per day.
- Students can also sign up as a group.

Attending your Virtual Tutoring Session
- After you sign up, you will be enrolled in a course titled "My Virtual Tutor". During your appointment time, you will locate the course, go to **Conferences**, and click on the name of the tutor you signed up for.
- On the morning of your appointment, you will receive a appointment reminder.
